FOR BETTER**

BECOME A PARTNER IN QUALITY AND SAFETY

Reynaers is proud to launch the Fire Safe Partners Scheme as part of our commitment to safety.

We have partnered with independent accredited audited bodies - Certifire and FIRAS to enable the leading manufacturers and installers to fit Reynaers fire-resistant products.

As part of that commitment, only a limited number of qualified partners will be able to purchase Reynaers fire products and deliver the performance and style of these state of the art products to their customers.

GIVE YOUR CUSTOMERS CONFIDENCE IN YOUR PRODUCTS

When qualified as a Reynaers Fire Safe Partner you will receive these exclusive benefits:

	Exclusive access to our extensive fire safety product range
	Proven solutions from the industry leader
	Exclusive access to our product support and training
	Priority access to latest products and solutions
	Backed by our reputation and unrivalled supply chain
	Be part of a recognised and accredited third-party scheme

REYNAERS FIRE SAFE PRODUCTS

Reynaers Fire Safe Products offer a range of high-quality, fire resistant windows, doors and curtain walling systems. These market leading products are part of our commitment to fulfil requirements of the pressing issue of fire safety in both residential and commercial properties.

The systems enhance Reynaers CW 50 and CS 77 product ranges with state-of-the-art fire-resistant products. Each one has been verified in an optimised European testing and approval programme with 30 (EI30) or 60 (EI60) minute time span fire prevention options available.

CW 50-FP
FIRE RESISTANT ALUMINIUM
CURTAIN WALLS

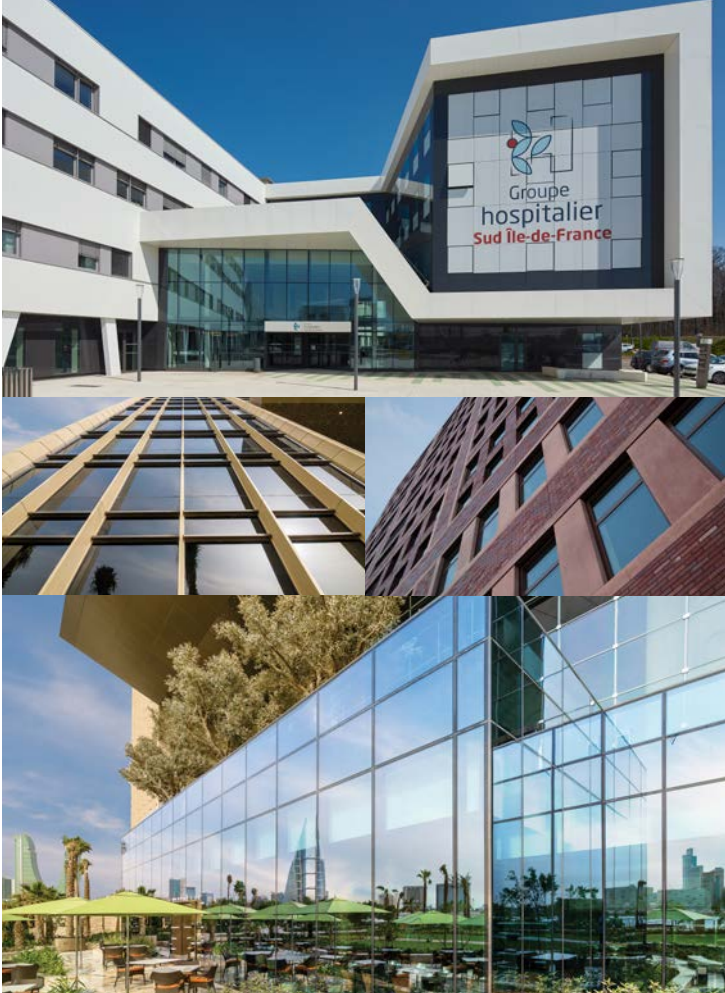

CS 77-FP
